## **DETAILED ACTION**

## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Steven J. Henry on 11/10/04.

The application has been amended as follows:

In the claims:

In claim 16, line 1, change "claim 7" to --claim 1--.

## Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach an analog to digital converter that comprises a first section that generates an m-bit digital signal; the m-bit digital signal is quantized to a lower resolution and converted to n-bit digital signal for outputting across an interface; a second section having processing means which is arranged to receive and process the n-bit signal to generate an output digital signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
